

## How to make the Magic Picture

- 1 Colour in the picture on the card
- 2 Cut everything out around the solid black lines
- 3 Fold the sleeve (don't glue it yet!)
- 4 Cut out the window on the sleeve
- 5 Now glue the big tab on the back of the sleeve shut
- 6 Fold the tab over on the piece of card which goes in the middle, slide it into the sleeve from the right hand side and glue the tab on the back of the sleeve.
- 7 Line up the acetate picture with the beautifully coloured in picture—use the little crosses as a guide. Then use sticky tape to hold it in place.
- 8 Put the slider into the sleeve. The acetate goes in front of the card in the middle, the card part goes behind it.
- 9 With the slider half way in and out, fold over the little tabs on the left hand side and glue them in place
- 10 It is finished! Now, when you slide the slider out, the coloured picture should be revealed and it will appear transformed, just like Easter Morning transformed the world as Jesus rose again!

**Print this page on acetate sheet, tracing paper, or trace the picture below onto greaseproof paper—something where you can see through it onto the layer below.**

----- Fold dotted lines

————— Cut solid lines

Fold this and use the tab to glue into a sleeve...

Jesus is Risen!

Happy Easter

These tabs fold over and stick to the front of the sleeve  
Do this last!

----- Fold dotted lines

————— Cut solid lines

Use crosses to line up the acetate  
and stick left hand edge with tape so  
it flaps over the top

Colour this  
picture in!

This layer goes inside the sleeve and  
the tab sticks to the back of the sleeve
